

Support for the Osteoarthritis and Rheumatoid Arthritis Community

At Horizon, we strive to make a powerful difference for patients, their caregivers and clinicians every day.

Founded in 2008 as a startup with only a handful of employees and no office space, Horizon now has over 1,200 employees focused on helping those impacted by rare and rheumatic conditions. Though we've grown, our patient-focused culture is no different today than it was when we started.

Our Dedication to Ensure Access to Medicines

With support built around the patient, we serve as a partner in their journey, providing each person with access to a range of programs and resources.

HorizonCares provides eligible patients with a range of support services, including co-pay assistance and discounted medicines

Approved prescriptions are \$0, and 33% of patients have no out-of-pocket costs¹

Medicine ships right to the patient's door, eliminating unnecessary trips to the pharmacy

Our Support and Engagement with the Community

As part of our investment and support, we go well beyond providing therapies by actively partnering with leading professional societies and patient advocacy organizations, volunteering at hundreds of advocacy events each year and continually pursuing innovative ways to provide value to the communities we serve.

\$12M⁺

**in community
support in 2019**

Our Commitment to Innovation

We embrace our responsibility to continually discover and deliver new solutions for people living with rheumatic and rare diseases, partly through collaborations with leading industry experts and organizations.

- **Doubled** R&D team in last 3 years
- **100% increase** in Horizon R&D investment in last 4 years
- **Opened new manufacturing and R&D facility** in South San Francisco in 2019
- **\$20M+ investment** in inflammatory diseases in 2019
- **Developing custom online telemedicine support resources** for patients and physicians to improve their experience and assist with the treatment of OA or RA

Connection to Osteoarthritis and Rheumatoid Arthritis Support and Services

As part of our mission, we actively contribute to the communities we serve through support of many organizations that provide crucial programs and services for people living with osteoarthritis and rheumatoid arthritis.

Arthritis Foundation

The Arthritis Foundation is a network of support through shared experiences, empowering information and meaningful connections, both online and in-person. The Arthritis Foundation offers life-changing resources and research for its community of millions nationwide.

Osteoarthritis Action Alliance

The Osteoarthritis (OA) Action Alliance is a national coalition of concerned organizations mobilized by the Arthritis Foundation and the Centers for Disease Control and Prevention (CDC). As a coalition of organizations concerned about osteoarthritis, the OA Action Alliance is empowered to raise awareness collectively and bring education and an extensive network of resources aimed at reducing the burden of osteoarthritis.

Alliance for Balanced Pain Management (AfBPM)

The Alliance for Balanced Pain Management (AfBPM) is a diverse collective of health care advocacy groups, patient organizations, industry representatives and other stakeholders who strive to ensure people with or affected by pain have appropriate access to integrated, effective and safe care across the continuum of care, and raise awareness of the need for individualized treatment approaches.

About Horizon

Horizon is focused on researching, developing and commercializing medicines that address critical needs for people impacted by rare and rheumatic diseases. We believe science and compassion must work together to transform lives. For more information on how we go to incredible lengths to impact lives, please visit www.horizontherapeutics.com.

If you would like to speak with Horizon about our work – or have ideas you would like to share – please send an email to connect@HorizonTherapeutics.com.
