

Support for the

Thyroid Eye Disease (TED) Community

At Horizon, we strive to make a powerful difference for patients, their caregivers and clinicians every day.

Founded in 2008 as a startup with only a handful of employees and no office space, Horizon now has over 1,200 employees focused on helping those impacted by rare and rheumatic conditions. Though we've grown, our patient-focused culture is no different today than it was when we started.

Our Dedication to People Living with Thyroid Eye Disease (TED)

With support built around the patient, we serve as a partner in their journey, providing each person with access to a range of programs and resources.

Dedicated one-on-one support

from a Patient Access Manager (PAM) who can help navigate coverage and what to expect with treatment¹

Financial support

and assistance in place so that, where eligible, cost is not a barrier for patients to receive our medicines²

TED Nurse Advocates who are trained medical professionals available to talk over the phone about Thyroid Eye Disease (TED) and treatment

Call **833-483-7399** Monday – Friday 8 AM – 8 PM ET to speak with a Nurse Advocate

Our Support and Engagement with the Community

Through our engagement with the TED community, we go well beyond providing therapies to deliver resources that help address the needs of those living with TED.

Listen to Your Eyes | ThyroidEyes.com

website and Facebook page created with guidance from the TED community to provide education and inspiration for people living with TED

oneGRAVESvoice

oneGRAVESvoice | OneGRAVESvoice.com

a resource made possible through an unrestricted grant to the Graves' Disease and Thyroid Foundation to connect, educate and empower the Graves' disease and TED communities

Our Commitment to Innovation

We embrace our responsibility to continually discover and deliver new solutions for people living with TED, partly through collaborations with leading industry experts and organizations.

Our significant investments into the TED treatment landscape and TED community include:

Research & development

through clinical trials and regulatory submissions

New studies

including for people living with chronic TED and new methods of administration

Manufacturing & supply

of a complex biologic

TED medical education programs

at leading institutions funded by grants

¹ Available to those prescribed with a Horizon medicine

² Assumes utilization of Horizon Therapeutics financial support programs

Thyroid Eye Disease Support and Services

As part of our mission, we strive to improve the experience of living with a rare disease, including through support of organizations that provide crucial programs and services for people living with TED and other rare diseases.

Financial Support

National Organization for Rare Disorders (NORD)

Emergency Relief Program: provides financial assistance that can be used to pay for unexpected or emergency non-medical expenses such as utility expenses, cellular or internet service, emergency repairs to car, home or major appliance, and rent or mortgage payment assistance.

For information about the emergency relief program, send an email to NORD at **ThyroidEyeDisease@rarediseases.org**.

**costs for medications are not eligible for NORD programs*

The Assistance Fund | TAFcares.org

The Assistance Fund is an independent charitable patient assistance organization that provides support for adults and children with rare and chronic diseases. The organization may help provide families with financial and travel assistance.

Patient Advocate Foundation | PatientAdvocate.org

The Patient Advocate Foundation provides support and assistance to patients with chronic, debilitating diseases to help access care and treatment recommended by their doctor. Case managers will help navigate roadblocks to access to care and affordability to Americans with chronic, life-threatening and debilitating illnesses.
