

Support for the Gout Community

At Horizon, we strive to make a powerful difference for patients, their caregivers and clinicians every day.

Founded in 2008 as a startup with only a handful of employees and no office space, Horizon now has over 1,200 employees focused on helping those impacted by rare and rheumatic conditions. Though we've grown, our patient-focused culture is no different today than it was when we started.

Our Dedication to People Living with Uncontrolled Gout

With support built around the patient, we serve as a partner in their journey, providing each person with access to a range of programs and resources.

Dedicated one-on-one support from a Patient Access Manager (PAM) who can help navigate coverage and what to expect with treatment¹

Financial support and assistance in place so that, where eligible, cost is not a barrier for patients to receive our medicines²

Peer Mentors who volunteer their time to share their experiences and help others the same way they've been helped

Gout Nurse Advocates who can help explain uncontrolled gout, how medicines work differently to address gout and connect patients to a gout specialist

Our Commitment to Innovation

We embrace our responsibility to continually discover and deliver new solutions for people living with uncontrolled gout, partly through collaborations with leading industry experts and organizations.

Investment in our medicine for uncontrolled gout to increase the benefit of the regimen and improve the medicine delivery experience for patients

Work with leading experts to change how gout is perceived through research by showing the impact of uric acid buildup in the body and its link to cardiovascular, kidney and other serious diseases

Exclusive drug discovery collaboration with HemoShear Therapeutics to identify new treatment targets and therapeutic options for gout

¹ Available to those prescribed a Horizon Medicine

² Assumes utilization of Horizon Therapeutics financial support programs

Our Support and Engagement with the Community

We go beyond providing therapies, engaging with the community online and in person to listen, learn, and provide resources and support that improve the experience for people living with uncontrolled gout.

Financial Support

The Assistance Fund

TAFcares.org

The Assistance Fund is an independent charitable patient assistance organization that provides support for adults and children with rare and chronic diseases. The organization may help provide families with financial and travel assistance.

The HealthWell Foundation

HealthWellFoundation.org

The HealthWell Foundation is an independent non-profit dedicated to reducing financial barriers to care for underinsured Americans with chronic and life-altering medical conditions.

Community Organizations

Alliance for Gout Awareness

goutalliance.org

raises public awareness and addresses common misconceptions around gout to enable patients to seek appropriate treatment

Creakyjoints

creakyjoints.org

fosters support, education, advocacy, research and community for people with arthritis and other rheumatic diseases, like gout

Arthritis Foundation: Wipe Out Gout

arthritis.org/diseases/gout

raises awareness of gout, and provides a toolkit with tips and tools to help patients talk with their doctor about gout

Gout Education Society

gouteducation.org

dedicated to educating the public and health care community about gout

American Association of Kidney Patients

aakp.org

improves patients' lives through education, advocacy and community

National Kidney Foundation

kidney.org

dedicated to awareness, prevention and treatment of kidney disease for healthcare professionals, patients and families

American Kidney Fund

kidneyfund.org

aims to provide comprehensive programs of awareness, education, prevention and financial assistance in hopes of achieving their vision – a world without kidney disease

About Horizon

Horizon is focused on researching, developing and commercializing medicines that address critical needs for people impacted by rare and rheumatic diseases. We believe science and compassion must work together to transform lives. For more information on how we go to incredible lengths to impact lives, please visit www.horizontherapeutics.com.

If you would like to speak with Horizon about our work – or have ideas you would like to share – please send an email to connect@HorizonTherapeutics.com.
